OMS Newsletter

December 2023

OMS Students, Families, and Staff,

The OMS Cares Club has been busy this first semester! The club is open to all students afterschool on Tuesdays. Mrs. Snedeger and Mrs. Schaberg lead this awesome group. The purpose of this group is to collaborate to make a positive impact on our school and community through volunteer activities and projects. Their first activity was making goodie bags for the custodians and coaches. They handwrote notes and delivered them with treats! Another activity was teaming up with the volleyball team to clean up around the building outside and at the athletic complex. The lovely ladies (yes, no boys have joined yet!), put up positive signs around the building to encourage kindness. The current project is the Christmas Donation Drive: hats, gloves, socks, toothbrush/paste, shampoo/conditioner, deodorant, and small toys. The class with the most donations will get Lamar donuts!!! We appreciate all the kind things this club is doing for our school. If you want to join, please do!

We wish everyone a nice relaxing break! The students have been working hard. When they return for second semester, it is a fresh start for grades and tardies. Lets have a great 2024!

Yours in Education,

Mrs. Malizzi. - OMS Principal
